Subj: 2013 VSC DECAL ORDER PROCESS

Ref: (a) ANSC Materials Catalog
(b) 2013 ANSC VSC Decal Distribution Table

1. The 2013 VSC decals have been received by the Auxiliary National Supply Center (ANSC), and are ready for distribution. The overall supply should be more than adequate to meet our demands and the demands of our partners. *Please be sure that this info gets to all SO-VE's, FSO-VE's, FC's and Materials Officers.*
2. This year's USCG Auxiliary initial distribution plan will be the same as used previously. The quantity of decals received by each flotilla will be a function of the past year's performance. ANSC has already been given the quantities, and will deliver that number of decals and VSC Examination Record forms (ANSC 7012 and 7012a). This will ONLY be done upon receiving your order request. Either the flotilla elected officer or the materials office must place the order. The procedure is listed below.

Initial Order Procedures:

- ONLY use the 2013 Vessel Safety Check and Recreational Boating Safety Visitation Materials Order Form (VSCRBSFm Rev.11/2012) from ANSC. *Refer to reference (a).*
- Flotilla initial allocations have been pre-determined based on the previous year's performance with a data run from July 2011 to June 2012 plus a growth factor of 10%. The 2013 ANSC VSC Decal Distribution Table provides that data. *Refer to reference (b).*
- DSO-VE's will receive 50 decals and SO-VE's 150 decals. This supply is to be used to re-supply your local divisions and/or flotillas, in emergency situations.

Subsequent Order Procedure:

- Continue to use the 2013 order form as noted in the Initial Order Procedures.
- Once a flotilla receives its initial allotment of 2013 VSC decals, further requests for additional decals will be processed ONLY after the following is verified. The requesting flotilla WILL BE REQUIRED to show in AUXINFO Cubes, a "passed" VSC number equivalent to at least 50% of the decals they have already received.
- Understanding that various events require a need for additional decals, special requests will be evaluated on a case-by-case basis.

3. In a continued effort to educate the boating public, we ask that all Vessel Examiner's review the materials available from ANSC and listed on the Vessel Safety Check and Recreational Boating Safety Visitation Materials Order Form. The VSC is an excellent opportunity to provide pamphlets, brochures, and other safety information to the boater during this personal one-on-one interaction.
4. In summary, flotillas are encouraged to order their initial allotment of decals as soon as possible, on the current ANSC order form. The form **MUST** be completed and sent in with your request to receive your initial allotment. Initial allotments will **NOT** be sent automatically. Do not list a quantity on the initial request, as the number for each flotilla has been pre-determined. Make sure to review the order form, and don't forget to order your supplemental VE materials to assist in spreading the RBS message throughout the boating community.
