Recreational Boat Rental Vendor Agreement

As a Recreational Boat Rental Vendor, we pledge to support the U.S. Coast Guard Auxiliary Safe Boating mission to the best of our ability.

1. Our personnel will discuss operator safety, equipment, environmental, local, state, and federal requirements that may apply to the vessel rental with the rental operator.
2. We will become a member of the U.S. Coast Guard’s Recreational Boating Safety mission by becoming a Program Partner.
3. We will make all rental vessels available to be examined by the U.S. Coast Guard Auxiliary vessel examiner and will display the Vessel Safety Check decal on all qualifying vessels. We will take action to correct discrepancies that may be identified by the examiner.
4. We agree to keep a copy of the agreement on file as near to the rental counter as possible.
5. We agree to maintain each rental vessel with those specifications.
