

## **2011 Delta Blitz at Buckley Cove Marina, CA**

**The total of 184 VSCs makes the Blitz on June 18, and 19 2011, the MOST productive in the 3 years of the program! This is a solid 15% increase over last years total of 160 VSCs! Further, with West Marine on site to supply missing items of safety equipment, the pass/fail ratio increased from 63% to 81%! West Marine reported over \$320 in sales for both days, and they sold out of type IV PFDs (12 total for the weekend) on Sunday! The only boaters we were not able to help were the ones missing their registration documents.**
